## Experience

- May 2022 – Jun 2023 📍 Nashville, USA

Full-Stack Developer  
**Plan Left**

Joining PlanLeft as a Full Stack Developer means harnessing my expertise in PHP and Laravel, specializing in SAAS and multi-tenant systems. With skills in Breeze, API development, and Jira project management, I'll craft dynamic web apps. I bring an SEO calculator and file management proficiency to optimize digital solutions.
- Jul 2020 – Nov 2022 📍 Singapore

Full-Stack Developer  
**Affinite Solutions**

As a Full Stack Developer at Affinite Solutions, I excel in PHP and Laravel, crafting dynamic web solutions. Proficient in REST API integration and AWS deployment, with specialization in SES email services. My expertise extends to CRM, HRMS, ERP, and Twilio communication.
- Jan 2020 – Apr 2020 📍 København, Denmark

Full-Stack Developer  
**Bluebell ApS**

As a Full Stack Developer at BlueBell ApS, I harness PHP and Laravel to build robust web solutions. I specialize in Vue.js for seamless user interfaces and REST API integration. My focus includes crafting efficient booking management systems.
- Jan 2019 – Dec 2019 📍 Bengaluru, India

Full-Stack Developer  
**A3Gate Pvt Ltd.**

As a Full Stack Developer at A3Gate Pvt Ltd, I leverage PHP and Laravel to develop versatile web solutions. My expertise extends to RestAPI integration and creating cutting-edge visitor management apps. Proficient in Twilio, IVR, Firebase notifications, Pusher, and AWS RDS for seamless communication and robust backend infrastructure.
